What's New. The transcripts provided by the IRS have been modified to protect taxpayers' privacy. Transcripts only display partial personal information, such as the last four digits of the taxpayer's Social Security Number. Full financial and tax information, such as wages and taxable income, is shown on the transcript.

A new optional Customer File Number field is available to use when requesting a transcript. You have the option of inputting a number, such as a loan number, in this field. You can input up to 10 numeric characters. The customer file number should not contain an SSN. This number will print on the transcript. The customer file number is an optional field and not required.

Caution. Do not sign this form unless all applicable lines have been completed.

Purpose of form. Individuals can use Form 4506T-EZ to request a tax return transcript for the current and the prior three years that includes most lines of the original tax return. The tax return transcript will not show payments, penalty assessments, or adjustments made to the originally filed return. You can also designate (on line 5a) a third party (such as a mortgage company) to receive a transcript. Form 4506T-EZ cannot be used by taxpayers who file Form 1040 based on a tax year beginning in one calendar year and ending in the following year (fiscal tax year). Taxpayers using a fiscal tax year must file Form 4506-T, Request for Transcript of Tax Return, to request a return transcript.

Use Form 4506-T to request tax return transcripts, tax account information, W-2 information, 1099 information, verification of non-filing, and record of account.
